

Benefits of achieving your Certificate in Nonprofit Management:

- ***CFRE Accreditation:*** NLP has been CFRE approved, since 2008, as a Continuing Education Provider. What this means is that the content of our courses have been reviewed and pre-approved for continuing education points on CFRE applications for Initial Certification and Recertification. All of the courses are eligible for points towards the continuing education part of the CFRE application.
- ***Cost-Affordable Education:*** Due to the dedication of our various funders, NLP courses are available at a very affordable rate to ALL members of the nonprofit community. There is no separate tuition fee if you decide to pursue the certificate – you simply pay for the cost of each course taken.
- ***Fair and Open Access:*** Our Certificate in Nonprofit Management is open to students of all educational levels and backgrounds. There is no separate application process to begin pursuing your certificate, which can be awarded for either undergraduate or graduate academic credit
